Separate Revenue.

J.F. Hall Esq.,C.I.E.,O.B.E.,I.C.S.,
Commissioner of Excise.

Resolution
Reference.

The Commissioner submits to the Government an approximate estimate for Rs.5,000/- for the construction of quarters for 1 Sub Inspector and 5 peons at Karimanel village in Venur Range, Karkal Taluk, South Kanara District for favour of administrative approval and provision of necessary funds.

2. No houses fit for occupation are available at Venur for the Sub-Inspectors posted at that range have hitherto been permitted to reside at Karimanel, a village adjoining Venur, where there is available a small building which, though designed for use as a shop and ~~apply~~ fit for use as a dwelling, the Sub-Inspector has now to use as his house and office. Owing to this disadvantage the ran-

has become unpopular and Sub-Inspectors posted to it join it with the hope that they will be able to quit it at some very early date. They can scarcely be blamed for entertaining such a hope which, unfortunately for the proper discharge of the work of the range, a number of them have managed to realize. The local officers regard the construction of quarters for the Sub-Inspector of this Venur range as essential in the interests of good administration. The work is urgent and should be executed at an early date. The plight of the peons is little better and provision has been made for quarters for them also.

3. The Collector of South Kanara states that a plot of Government land (Kumki) S.No.154/1B1 in Karimanel village is available for this purpose. The estimate for Rs.5000/- has been prepared by the Executive Engineer, West Coast Division.

4. The Commissioner requests that the Government will be pleased to accord administrative approval for the work and provide the necessary funds for it in the Civil Works Budget for 1935-36.

Ref:- Your telephonic message No. 2070 C/35-1 dated 31st June 1935.

The demand can be met out of the reserve with me under "41. Civil Works - Transferred - Medical - Minor Works".

2/ No expenditure has been incurred to end of May 1935 against the existing grant under "Excise - Minor Works", as estimates for the works for which it is intended are pending sanction either with the Government or the Commissioner of Excise. If the Commissioner does not consider it possible to postpone any of these works, the limit of provision under the head will have to be increased by Rs. 5,000/-. The Commissioner has been addressed in the matter. On receipt of his reply a further report regarding the additional amount required under the head will be sent.

No.892-B/35-CR dated 23rd July 1935.

Funds - Quarters for the Excise Sub Inspector and peons, Karimanal Village, Karkal Taluk, South Kanara District.

Reference your telephone message No.2070-C/35-1. dated 21st June 1935 and my reply telephone message dated 26th June 1935.

The Commissioner of Excise has reported that none of the works for which funds have been provided in the current year can be postponed as they are urgent and necessary. The additional amount required under 'Excise Minor Works' will therefore be the amount required for the work mentioned above viz., Rs.5,000/-.

page 2 ante

The limit for Excise minor works is Rs 3,000/- and provision has been made to this extent in the Budget for 1935-36. P.W. & L state that proposals for utilising a sum of Rs 2,800/- are under consideration and that it may be taken that the budget provision of Rs 3,000 will be fully utilised.

The present proposal involves an additional expenditure of Rs 5,000/- which is proposed to be met by reappropriation from the anticipated savings in the provision for minor works relating to the Medical department. If the proposal is to be accepted, the limit for Excise minor works will have to be increased from Rs 3,000/- to Rs 8,000/- for the year 1935-36, and ~~that~~ It will then be quoted as a precedent for increasing the minor works limits of other departments also, if proposals to that effect are put forward in the course of a year on the ground that the cost

P 1 CF

para: 1, P 7 CF

The increase will have to be spread over two years (1935-36 and 1936-37) as the works are not likely to be completed in one year. The figures is in the interim Es.

P.T.O.

B. 17

involved can be met from savings in the total provision for minor works of all departments taken together. The limits will then be only nominal.

2. It is not known why, if the work was considered essential and urgent, the estimate for the work was not got ready earlier and arrangements made for starting the work in the current year in preference to other works. From the particulars given in the current file, it appears that the necessity for the work has not arisen all of a sudden and that it can therefore bear postponement till 1936-37. Submitted that this department may therefore suggest that the work be taken up during 1936-37 and spread over two years so that the expenditure in each year may not exceed the annual limit of Rs 3,000/-.

It is observed from para 2 of the Executive Engineer's reference that the difficulty is mainly in the matter of the Sub-Inspector's Cost of Quarters for this officer is Rs. 1620. If Construction is restricted to this, no increase

The B.S.R. 23.7.35

B 23.7.35

23/B 23.7.35

Put up 2 CF

Put up 3 CF

over the minor works limit will presumably be necessary. Revenue may be requested to consult the Executive Commissioner

Cs
23/7/35

The limit for Executive Engineer's powers is Rs 3000/- and if the present proposal is accepted there will be an additional expenditure of Rs 5000/- The main difficulty is that if the limit of Rs 3000/- is to be exceeded orders will have to be obtained in Simla for a special allotment this year and the next as the bund will not be completed in one year and I do not think it is so very urgent as to justify such a course. If the Simla authorities consider the work urgent the Revenue Member can make arrangements earlier to obtain the amount in the current year. He may however be informed that the work can be taken up and during 86-87 and spread over two years so that the expenditure in each year may not exceed the annual limit of Rs 3000/-

29.7.35

30.7.35

Communications Board may be treated as sanctioning Part II schemes and funds to be provided in the C.B.E. for 1936-37 specifically for the purpose including the Minor Works programme and spreading Contingencies over 2 years.

31.7.35

To Asst. Secy.

Works costing over Rs 10,000/- are termed major works and works costing Rs 10000/- or less are termed minor works.

vide para 36 of the P.W.D. Code at pp 69 of Book No 76 in the Secretariat
para 39 at pp 6 ibid

8 W

alone
~~Only~~ major works ~~only~~ are treated as Part II Schemes. For minor works the following procedure has been prescribed. Heads of departments should get from their subordinates proposals for minor works to be executed in the ensuing year, examine them with reference to their relative urgency and importance and select works up to the prescribed limit and send the lists thus made to the P.W.D. who consolidate them. The cost of the work in question being Rs 5000/-, it is only a minor work and cannot therefore be treated as a Part II Scheme for 1936-37 under the rules.

vide para 30 of G.O. No. 2779 Fin (H) 22.4.31

para 5 p. 3 of G.O. No. 2779 Fin (H) 22.4.31

Sd/- 1.8.36. D.R.D. 1.8.36

The rule do not provide for treating minor works as Part II schemes. A limit has been prescribed for each Deptt. for expenditure on minor works, and the limit cannot be exceeded without the sanction of Govt. in the Fin. Dept. If Even if the work is treated as Part II Scheme (which is unnecessary) the limit of expenditure for the Excise Dept cannot be exceeded.

The Govt. accord administrative approval to the construction at an ultimate cost not exceeding Rs 5000/- of quarters for one Sub-Inspector of Excise and 5 peons at Karimanel village Kartkal Taluk, South Kanara dt. ~~Govt. They cannot~~ provide funds for this work in the Civil Works Budget for 1935-36. The limit up to which expenditure can be incurred on minor works

They are therefore unable to

in the Excise depts. in a year is Rs 3000/- Provision has been made to this extent in the current year's budget. This provision is expected to be fully utilised on certain other minor works of the Excise depts which are already under the Consideration of the Govt. The proposed work involves an additional expenditure of Rs 5000/. The Govt. do not Consider that the work is so very urgent as to justify the provision of this special allotment during the current year. They Consider that the work should be taken up only during 1936-37 and should be spread over two years so that the expenditure in each year may not exceed the annual limit of Rs 3000/-. Necessary provision for the work should be included in the budget estimates for 1936-37.
